WHY REFER YBMT

We protect your reputation by protecting your client

When you refer a repair, you're putting your name on the line. Here's why Brisbane pest controllers and property managers trust YBMT with their clients.

We protect your reputation

Your client found a problem on your watch — and you handed them a team that fixed it properly. A clean handover reflects well on you, not just us.

Structural, not cosmetic

QBCC-licensed structural repair (Lic 15030821) — joists, bearers and framing restored, not patched over. The job is done right the first time.

Fast and documented

On site within 24 hours, quoted within 24 hours, every step documented. Your client is never left waiting or wondering.

Insurance handled

We document the damage to the standard insurers expect and liaise on the claim — so your client isn't stuck translating builder-speak.

One accountable team

Cladding, ceilings, framing, paint, fittings — one contractor handles the whole make-good. One call, one quote, certified safe.

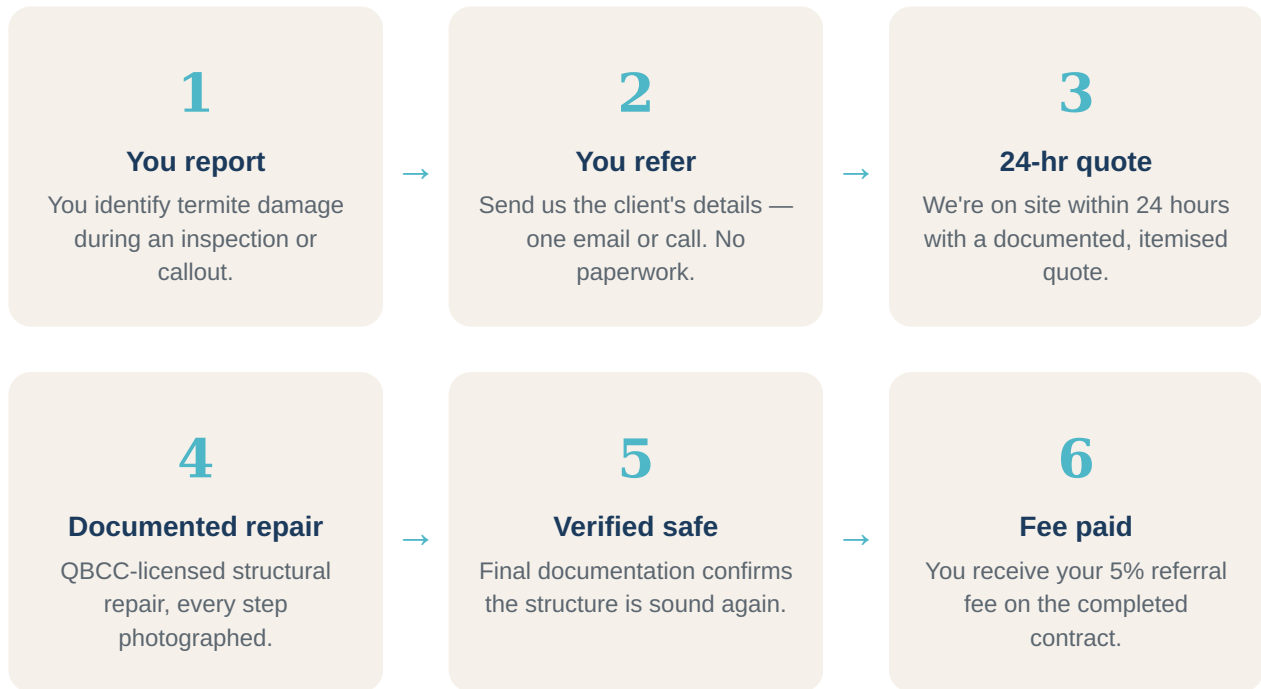

Fully covered

\$20M public liability, statutory home warranty insurance in line with QBCC requirements, licensed 30 years.

THE REFERRAL FLOW

From your report to your fee — six simple steps

The whole process is designed to be effortless for you and reassuring for your client. You stay informed at every stage.

Co-branded, if you like

Prefer your clients to see a familiar name? We can co-brand the referral so the handover feels seamless — your relationship, our repair. Ask us about a co-branded partnership.

Documentation your client — and you — can rely on.

"You handle the pests. We handle the structure. Your client gets one reliable team — and you get the credit."
